Good. Thanks! I have a meeting in a few minutes, but I was going to give you a call most of the documents we got from the 104 CERCL request were from Act 2 evaluations...

Feb 11, 2010 DEP response to a URS Nov 3, 2009 diesel spill report on the property well #5
May 2010 report by URS on Hibbard 1H and 3H

But there are 2 additional Test America packet with organics data from February 2010
Let me know when a good time would be..

Thanks!- I talked to Rich Neville and he had me leave a message for Mike O'Donnell. Rich thought he was most knowledgeable about the residents... Tate Kunkle left me a message and said there isn't a Paul Ely. I'll see if we can get in touch with Ex. 6 - Personal Privacy maybe it is someone's given name but they go by their middle

name like [Ex. 6 - Personal Privacy] does...

We have an address for [Ex. 6 - Personal Privacy] in Dimock but do you know a street address. We just got some Test America data from 9/10 and 7/11 that have methane values of 34.5 and 60.+ mg/l respectively and we're trying to see if you know where they are located??
